

# St. Mary's Spirit Newsletter

December 2018

Pictured here is an image of our advertisement on a billboard just outside of O'Neill. What truth rings out in this statement! Maybe it's the prayer that begins and ends the day. Maybe it's the uniforms that remind our students that our strength is our unity. Maybe it's the commitment to teaching the students the true heart of service. Maybe it's the weekly mass. Whatever it is. . . St. Mary's is truly not 'just a school.' From our young students to our alumni or even grandparents of students, this place is truly beloved.

- \*"I like going to church. . . " "It's about learning, Jesus, and Cardinals!" "Everyone acts like family, your 2nd family."
- \*"I learn a lot and since we have uniforms we are all alike so no one is better than anyone else."
- \*"We chose to send our girls to St. Mary's because of the quality education, the disciplined students, & because the school system aligns with the morals we teach our girls at home. We LOVE the fact that our girls attend Mass, pray in class, and learn about Jesus!! Nothing is better than your child coming home and praying for a student, their family, or even a stranger, because the name was brought up during prayers in school! "
- \*"Learning to pray with your classmates and hearing their prayers is very impactful."
- \*"St. Mary's provides a spiritual foundation that lasts a lifetime. Love of God & neighbor are infused into the daily lives of the students."
- \*"We sent ours to SMH because it offered more structured and personalized classes, & they could still pray and say the pledge in class. It was a closer, family oriented school. We are so glad we sent the kids to St Mary's & now they are sending our grandsons."
- \*"It's about family, friendships that have lasted a lifetime, it's the caring atmosphere and loyalties. I feel St. Mary's gave me the foundation for living life and being a kind human being. And I love my catholic faith."
- \*"Some of my best friends are my SMH friends and that is a gift that she gave all of us. "
- \*"St. Mary's is a true Catholic family that has existed for many generations, & something to cherish. Even though there have been struggles & tragedies, St. Mary's has survived & become stronger by meeting their challenges together as a family of God. The teachers and staff at the school are truly dedicated people who provide great examples of serving God & others so their students can become the best versions of themselves, as God intends."
- \*"From amazing academic formation & receiving the foundation on which to build & grow my Catholic faith to making life-long friends along the way, I am forever thankful to the staff and teachers for all their sacrifices & dedication."
- \*"I love how St. Mary's smells--like basketball games and play practice. I have classmates who still comment on how St. Mary's always smells the same when they come in. Smells trigger memories, and I have many great memories of St. Mary's--being a student, being a young teacher, being a mom in the bleachers. My faith was formed at St. Mary's, and I am forever grateful for the solid foundation I received here from the Sisters of St. Francis, the many priests, and lay teachers who taught me. My faith continues to grow here as I learn from my students and colleagues every day."
- \*"The number of St. Mary's graduates who choose to send their children to St. Mary's, as well as the number of alum who have the desire to teach here, is a testament to St. Mary's and what it provides its students. It is so much more than a school, it is a family where we care for each other, help each other, and appreciate each other."

'03 Michelle (Shoemaker) Bulau benefit was held on Sunday, December 16th. With a huge crowd & enormous support from friends, community, and family, we are holding Michelle & her family in our prayers as she fights cancer for the 2nd time. Many of her classmates were able to make it to join in supporting her. From left: Dan Haggerty, Jed Givens, Ryan Hickey, Tim Krugman, Felicia (Wagenaar) Krugman, Michelle (Shoemaker) Bulau, Brooke Earley, Kristin Carr, and Christine Troshynski

Old friends '13 Kyle Loecker, '12 Luke Loecker, '12 Sarah Vandersnick, '12 Megan Schneider, with their beloved former teacher, Sister Anita, at the wedding of Ryan ('12) and Melinda Podany.

# FROM OUR PRINCIPAL

It is tough to believe that we are already celebrating the Christmas season, but here we are! We even received some snow this past weekend in O'Neill so it sure looks like Christmas outside! The fall semester of the 2018-2019 school year has went by very quickly. We have a lot to be proud of in and out of the classroom. Here are a few highlights from the semester.

- The elementary playground project was completed this past summer. I would like to thank everyone that shared their time, talent, or treasures with us on this project. The students have really enjoyed playing on the new playground this year!
- The high school received a new roof this past spring/summer. The project was long overdue and a welcomed addition to the building.
- We continued our commitment to technology integration by purchasing 20 more Chromebooks for use in the high school. Now both the high school and grade school students and teachers have access to Chromebooks and iPads in their classrooms.
- Through grant funding and donations, we were able to complete a \$15,000 STEM upgrade to our both of our buildings. Through the upgrade we were able to purchase a 3D printer, microscopes for both the high school and grade school, microscope slides, several STEM lab kits for our Science classes, several OSMO iPad devices for our grade school teachers, and Lego sets for our Kindergarten room.
- The fall sports season saw the girls volleyball finishing the season with a 4-24 record and the boys football team finished the season with a 2-6 record. Both teams have a lot of underclassmen contributing a lot of minutes in Varsity competition. Volleyball Coach Amber Ginter and Football Coach Tony Allen are both excited for what the future holds for their respective teams.
- The One Acts team had a successful season. The team performed the play "Upon a Sea of Dreams: A Journey on the Titanic." One of the highlights was the team taking 2nd place in the NVC One Act Competition. Vera Butterfield and Betsy Crumly were name Outstanding Actors at the district competition as well.
- The Winter sports season is off and running. The Basketball teams were in action last week with the boys getting a win over a tough Niobrara-Verdigre team as well as a big win over Spalding Academy this week. The wrestlers had their first meet in Sargent last Friday. Cole Rosenkrans went 4-0 on the day with 4 pins and Tyler Gleason earned his 1st ever high school win with a pin!
- The St. Mary's Facebook page has been very active this year. With the help of Jennie Schneider and Paula Atkeson the content is updated almost daily. There are several different types of content posted such as events, activity results and scores, featured teachers and students, and just general happenings at St. Mary's. Feel free to check out our page and also to "like" us on Facebook.
- The St. Mary's Twitter page also has a new page manager. Our Associate Pastor, Fr. Joe Sund, is managing the Twitter page. Feel free to check the page out and give us a "follow."

I would like to thank you for your continued support of the mission of St. Mary's Schools. Have a wonderful Christmas season and a Happy New Year!

# FROM OUR PRESIDENT

Dear St. Mary's Alumni and Friends,

Merry Christmas and Happy New Year! I hope this finds you and yours entering as fully as you can into these holiest of days.

We are nearly halfway through our 118<sup>th</sup> academic year... the time seems to go by more quickly every year sometimes I wish it would slow down a bit but that doesn't appear likely to happen.

We've certainly been blessed in these last few months with the generosity of our alumni benefactors and friends helping us to complete a number of projects on our campus. The new roof on the high school is the unseen improvement and the new playground on the grade school side of campus was an immediate hit with our students and others in the community. We were also able to grant tens of thousands of dollars in scholarships and education grants to our families because of the willingness of our alumni to give back.

As we look forward to future projects and needs, as pastor and president, I find a great comfort in knowing that if we have a legitimate need that our alumni and friends will come through. We are rapidly approaching the time when we need to upgrade our classroom and student technology. If we are going to compete well we have to have the right tools and we strive to stay as current as we can with the resources that we have.

Thank you again for your continued generous support throughout the year. Please pray with me that God will continue to pour out his blessings upon all of us at St. Mary's so that we can continue the legacy we've been given well into the future.

St. Mary's – more than a school!

Rev. Bernard G. Starman  
President

St. Mary's high school students have been paired up with grade school students to be "Cardinal Buddies." Here they are enjoying donuts together during Homecoming week.

It's been a busy busy year at St. Mary's with many projects to be completed, and I am so happy to share with you the full completion of the Playground Project!

The Playground Project was first introduced in 2014, but only really got going in late 2016. We completed our fundraising last spring, and put up a BRAND NEW PLAYGROUND last summer! The first part of the summer was spent with the demolition process, tearing out the old equipment, hauling out the gravel, and leveling the space. A large retaining wall was put up to decrease the grade to acceptable levels, new sidewalk was laid, and LOTS of dirt brought in. Finally, the playground arrived and despite rainy days, our crew of volunteers had it up and in place in just a matter of a couple days. The mulch fill went in, and sod was installed in the front half of the playground giving us some much welcomed green space. The donations and volunteers from our families, school, community, & alumni have shown such pride in and love for St. Mary's, and the mix of people young and old in making this happen has been an incredible witness of God's love. And the smiles on our kids faces made the entire thing worth every amount of effort. Best news yet? Our total brought in, including a recycling grant for the mulch, came to \$112,184—and our final cost? \$111,884, exactly \$300 under what we had!

"Before" shots of the old playground

Construction is just beginning

Our next project was much more of a needs-based issue. The high school roof began to leak, and we were regularly placing garbage cans around the 2nd floor rooms to catch large amounts of water. As we decided that having the staff and students being "showered" on a regular basis was NOT in our best interest, we contracted for the repair in late 2017. The roof was completed in May 2018. Good news for us— while we had

planned on the total being close to \$175,000 it came in at \$140,000! Between pledges & gifts, we are fully funded, and best of all... no leaks!

So now you're surely asking...

The Parish Offices have gotten some much needed sprucing and efficiency improvements! New doors were installed for the front & back entries. Many of the offices and front reception room got a new paint job! New windows were put in place on the front, first floor of the building. The first office in the building (previously the business manager's office) is having the window opened up, with a reception-type area from the window, with a lockable slide open window in its place. New windows have been ordered for the remainder of the front of the building on the first floor. This will be a wonderful relief for those who have an office on that side, who often found snow on their window sill...INSIDE their office!

A portion of the roof on St. Patrick's church will soon need to be replaced/repared as it has seen better days. In fact, the church needs a lot of cosmetic work done from paint to carpet to tuckpointing.

The next few years, St. Mary's is going to be continuing the never ending task of upgrading technology. Beginning in summer 2019, we'd like to put more chromebooks in the high school & more Ipads in the grade school. It is also time to upgrade the teachers' computers and equipment. St. Mary's is also slowly updating curriculum. In the 2019-2020 school year, we will be updating the reading curriculum, with the next curriculum updates being math &/or science the following year.

We are currently evaluating the HVAC system & the potential for air conditioning in the schools with the hope to do an upgrade in the near future. We will soon be receiving bids on updating the furnace system for St. Mary's, which was one of the goals of the most recent Seeing the Present campaign.

For most of you, we know that your time at St. Mary's was a treasured experience in education, as well as personal & spiritual growth. We hope that you will consider how you can give back & help to pave the way for future generations! There are always projects & needs, as well as basic support.

- 12 x 12— This program is a monthly recurring donation, automatically taken from your account. We suggest \$12/ month (hence the 12 x 12 but you can give whatever you'd wish.) Most recently, we used money from this account to pay for much needed new risers! I have included a form to return to us if you would like to be part of this regular giving opportunity. This really is a HUGE way to help us out, as it gives regular income that we can use as needed.
- Gifts to St. Mary's Foundation are placed in an account where we only withdraw a percentage of the interest twice a year.
- We are always happy to receive gifts for scholarships/grants to offset our students' tuitions each year.
- Many of our teachers have 'wish lists' that you can give to, with specific amounts for items they are 'wishing' for.
- If you're looking to give to something specific—you can donate towards St. Patrick's roof/upkeep, St. Mary's Technology, or even the Parish Office building work.

Your gifts make a difference, just as someone else's generosity made a difference to you. You can send in a check, or even give online at [stpatoneill.weshareonline.org/ws/opportunities](http://stpatoneill.weshareonline.org/ws/opportunities). We also have options for you to give St. Mary's shares of your stock, or plan for future giving with your will or living trust, life insurance policies, or a charitable trust. Give me a call or drop me an email & we can talk about options! Thank you for all you do!
